CS3095D DBMS Lab
Exercise No: 08
Topic: Web Application(JDBC)

Marks: 5   Date of announcement: 29.10.2021

Evaluation Plan

Sl. No.	Task	Details	Marks
1.	Evaluation – I: **Implementation by coding.** (On 29.10.2021, Friday.)	i. The lab team will post the questions on 29.10.2021 at **10.00 AM.** ii. Duration of Evaluation I is **4 days** . iii. Upload the screenshots of web pages as a pdf file in Eduserver before **11.59pm on 1.11.2021 .** iv. Evaluation- II will **not** be conducted for those who did not submit their solutions on time. v. **Late submissions** are also not allowed to participate in the viva.	3
2.	Evaluation – II: **Viva** (On 02.11.2021, Tuesday.)	Based on the submissions, viva will be conducted for those students who have submitted Evaluation I. The schedule will be circulated later.	2

Exam Pattern

Sl. No.	Evaluation Name	Details
1.	Submission	i. Students need to submit one pdf file containing the screenshots. ii. **Screenshots** include all the web pages in the application keeping the order of data flow from and to the database (eg. first registering to the application ,then logging in and further actions to be followed.) iii. The Document needs to be **well prepared**, and comments **should** be present.
2.	Viva	1. Evaluators will ask questions based on the topic and the pdf file submitted for Evaluation I. 2. The candidate should be prepared to answer **both** descriptive and coding questions for this evaluation.

General Instruction:
1. File should be in pdf format.
2. File should strictly follow the file name format.
3. File should strictly contain the name, roll number..
4. The file that fails to follow the rules **will not be evaluated**.
5. Viva will not be conducted for **those who fail to submit the file.**
